Utilities: The RV site offers full hookups for water, sewer, electric (30 & 50 amp service), Wi-Fi internet and cable. Heat tape and water probes at each site allow for winter reservations. Given that power surges or other utility failures may be out of resortstaff's control, refunds may not apply for electrical, internet, or cable outages or frozen water lines.

Bookings: A specific RV site booked is reserved for the guest. However, given unexpected events such as water loss or electric loss, it is sometimes necessary to relocate a reservation. Resort staff will contact the guest prior to moving a reservation *only* if another site is unavailable in the category of the original site booked. For example if a Blue River site is booked and a guest is moved to another Blue River site (despite the amenities like picnic table/fire pit etc.), the guest will not be notified. If the guest is being relocated from a Blue River to a Club site, the guest will be contacted to discuss the move. If the guest cancels due to the move, no charges will apply.

Tiger Run RV Resort is a Homeowners Association and acts as an Owner Agent. As such a RV site may become unavailable due to a real estate transaction.
